OUR PARTNERS

PROJECT BACKGROUND

- Choice Neighborhoods is a HUD signature place-based program.
- It is a grants program, designed to address distressed HUD-assisted housing and struggling neighborhoods through a comprehensive approach to neighborhood transformation.
- The program builds on the success and lessons learned from the earlier HOPE VI program.
- Annual appropriations are provided from Congress since 2010, and continue today.
- This is a transformation plan for the Centennial Hill neighborhood, and will include new housing both to replace the obsolete Paterson Court, and for all who wish to live in Centennial Hill.

- The first Community Meeting was held on December 2, 2021
- All the feedback you shared is summarized and will be part of the transformation plan.
